

spk::Singleton< Window >

spk::Window

```
graph BT; A[spk::Window] --> B[spk::Singleton< Window >];
```

The diagram illustrates a relationship between two classes. At the bottom is a gray rectangular box labeled 'spk::Window'. Above it is a white rectangular box with a black border labeled 'spk::Singleton< Window >'. Two blue arrows originate from the top of the 'spk::Window' box and point upwards to the bottom of the 'spk::Singleton< Window >' box, indicating that 'spk::Window' inherits from or is a specialization of 'spk::Singleton< Window >'.
